Description

French Grammar in Context presents a unique and exciting approach to learning grammar. Authentic texts from a rich variety of sources, literary and journalistic, are used as the starting point for the illustration and explanation of key areas of French grammar. Each point is consolidated with a wide range of written and spoken exercises. Grammar is presented not as an end in itself, but as a tool essential to enjoying French, understanding native speakers and to communicating effectively with them.

Literary texts and poems are taken from works by renowned French authors such as Albert Camus, Zola, André Malraux, Alain Robbe-Grillet, Stendhal and Jacques Prévert. News sources include *Libération*, *Le Point*, *Marianne* and *Le Monde Diplomatique*, in addition to articles from regional papers such as *Ouest-France* and *La Voix du Nord*. Lifestyle articles are included from *Marie Claire* and *Elle*.

This third edition has been updated with literary extracts from Francophone writers, such as Joseph Zobel and Frantz Fanon. New journalistic extracts and text-based exercises are also included. *French Grammar in Context* is aimed at intermediate and advanced students and is

ideal for both individual and tutor-led study.
